

# **Osteopathic Association of South Africa**

**10<sup>th</sup> April, 2009.**

**The Osteopathic Association of South Africa is pleased to be able to support and endorse the 'Get One' ergonomically designed office chair.**

**The OASA believes that this unique chair helps to provide excellent ergonomic support and can reduce the risk of work station postural problems.**

**The unique design of this chair creates adaptability that would suit almost every office and home office environment. It makes the perfect start to achieving an optimal work station.**

**The OASA only recommends the 'Get One' office chair to our members and their patients.**
